CoreMedical Group Named One of the Largest Healthcare Staffing Firms

Healthcare recruiting agency makes Staffing Industry Analyst's list second year in a row

Salem, NH — July 2014 — CoreMedical Group is proud to announce that it is one of the largest healthcare staffing firms in the United States for 2014, according to industry watchdog Staffing Industry Analysts (SIA).

This is the second year in a row that CoreMedical Group has made SIA's list. SIA compiles the information for its annual report based on staffing companies' revenue, percentage of market share, and survey participation.

In addition, SIA named CoreMedical Group among the largest Travel Nurse Staffing agencies in the United States, a first for the growing healthcare recruiting company.

"We could not be prouder of our team for, once again, going above and beyond and earning a spot on SIA's list of largest U.S. healthcare staffing firms. So much hard work and dedication goes into this achievement," said Monique Ricker, Executive Vice President. "Our people, from our account executives to our recruiters and administrative staff, all come together as a team to provide our healthcare professionals and facilities with unmatched service. We are confident that their efforts will lead to our continued growth."
