## **CoreMedical Group Earns Top 10 Travel Nursing Company Distinction**

*Travel nursing resource website Highway Hypodermics releases 2015 list*

**Salem, NH—January 2015**—CoreMedical Group of Salem, NH, has announced their placement on the Highway Hypodermics' List of Top Ten Travel Nursing Companies for 2015. This is the first year CoreMedical Group made the list, ranking at #8 overall.

The rankings are based on reviews from traveling nurses and therapists, benefits offered by the traveling agency, and the company's profile on the Highway Hypodermics' website. Among the ten companies on the list, CoreMedical Group achieved the second highest score from reviews posted by travel nurses and therapists on the website.

"We couldn't be more pleased," said Armand L. Circharo Jr., President & CEO. "What distinguishes this particular award is that it is not all dollars and market share and it is not evaluated by financial analysts. It is specifically cited by our customers; the nurses and therapists that travel with us. It is an acknowledgment of the benefits and support we offer to our professionals and how we care for them during their assignments," Circharo said. "That makes it extremely gratifying."

The list is compiled annually by traveling nurse Epstein LaRue, who owns [www.highwayhypodermics.com](http://www.highwayhypodermics.com), an independent resource website for traveling nurses and therapists. LaRue is also the author of the *Highway Hypodermics Travel Nursing* book series.
