

## **FOR IMMEDIATE RELEASE**

CoreMedical Group Named in Fastest Growing Staffing Companies in America

*Staffing Industry Analysts Lists CoreMedical Group in Top 25% Fastest Growing Staffing Companies in America for the fourth year in a row*

Salem, NH (MarketWire) October 15, 2008 – [CoreMedical Group](#), the leading health care jobs resource and [travel nurse agency](#), announced today that it was named one of the fastest growing staffing companies in the country by Staffing Industry Analysts, Inc. (SIA), a major staffing industry trade journal.

This year 61 companies made the list, however only 18 are healthcare staffing companies or have a healthcare service offering. CoreMedical Group is one of only eight companies to be listed four years in a row since the inception of the list.

“We’re very proud to announce that CoreMedical Group has once again earned a spot on the SIA Top 25% Fastest Growing Staffing Companies in America,” said CoreMedical Group President/CEO Armand L. Circharo, Jr. “To be one of only eight healthcare staffing companies to attain this recognition four years in a row is a real testament to our employees. This has been a particularly competitive year and they have worked very hard to ensure that we meet the company’s goals for growth.”

“The award is especially gratifying because you’re compared to hundreds of competitors in this industry,” said Monique Ricker, V.P. of Sales. “We have a very talented team of healthcare recruiters that listen to the needs of our clients and applicants. That’s the key.”

Compiled each year by SIA, the 2008 listing considered five-years of revenue to identify the private staffing companies across the United States that qualify for recognition. This year the companies selected had to average at least 25% annual growth between 2003 and 2007.
